The Association of American Directory Publishers

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory, and furnish satisfactory references, is eligible to membership.

The objects of the Association are :

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advise and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

MR. ADVERTISER!

With the Dispatch

You can reach them all. Without the use of this paper, which has not only the largest circulation among all the newspapers of Tidewater Virginia, but by far the largest distinctive and exclusive circulation, you cannot cover the field.

THIS COMBINATION is Tidewater Virginia's greatest proposition—the wonderful result-getting proposition that the shrewd national advertisers are very much alive to.

There isn't a city, town or hamlet in this territory that isn't thoroughly blanketed by these two papers.

THE PUBLIC LEDGER is a 29-year-old strictly home paper. The present management assumed control in February 1905, since which time its circulation has increased nearly 400 per cent. It is the first and only afternoon paper published in Norfolk enjoying the benefits of the Full Leased Wire Service of the Associated Press. To this feature and to its perfect gathering of local news, and to its strong editorial and reportorial staffs, and to its comprehensive mechanical equipment, is attributed the wonderful growth of its circulation. It is practically a new paper—12 to 16 pages—full of enthusiasm, life, snap, vim and vigor—as lively a specimen of the modern newspaper as ever left a press.

Its sworn net paid circulation of nearly 11,000 daily, reaches more than a hundred towns outside its home city, and it is the only afternoon paper ever published in this section that has ever attempted to develop this extensive outlying territory. It carries almost 50 per cent. more local advertising than any other Norfolk afternoon paper.

THE TIMES-HERALD has exclusively, in the afternoon, the Service of the Associated Press, and places nearly 5,000 paid copies daily in the homes of Newport News, Phoebus, Hampton, Old Point, and a group of other wide-awake towns on the Peninsular. It is without opposition and controls the field absolutely.

We offer the combination—both papers—for the price of one, and guarantee 50 per cent. greater circulation than any other single proposition in this territory.
